Independent Auditor's Report

Unqualified Opinion on General Purpose Financial Statements
Submitted Together with Combining and Individual Fund and
Account Group Financial Statements and Supporting Schedules
as Supplementary Data

Honorable Mayor and Members of the City Council
City of Willis, Texas
P.O. Box 436
Willis, Texas 77378

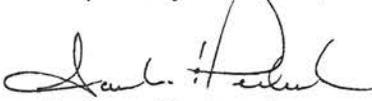

We have audited the accompanying general purpose financial statements of the City of Willis, Texas, as of and for the year ended September 30, 1993, as listed in the table of contents. These financial statements are the responsibility of the City's management. Our responsibility is to express an opinion on them based on our audit.

We conducted our audit in accordance with generally accepted auditing standards and Governmental Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general purpose financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the City of Willis, Texas, at September 30, 1993, and the results of its operations and the cash flow of its proprietary fund types for the year then ended in conformity with generally accepted accounting principles.

Our audit was made for the purpose of forming an opinion on the general purpose financial statements as a whole. The individual fund statements and schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the general purpose financial statements of the City of Willis, Texas. This information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in our opinion, is fairly presented in all material respects in relation to the general purpose financial statements taken as a whole.

Respectfully Submitted,

Sauls and Pechacek

CITY OF WILLIS, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 1993

A. Reporting Entity

The City of Willis, Texas, is incorporated as a political subdivision under the laws of the State of Texas and, as such, is exempt from federal and state taxation. The City operates under the Mayor-Alderman form of government and provides the following services as authorized by the state statute: public safety (police), highways and streets, sanitation, recreation, education, public improvements, utilities (water and sanitary sewer), and general administrative services. The City receives funding from local, state, and federal government sources and must comply with the concomitant requirements of these funding source entities. However, the City is not included in any other governmental "reporting entity" as defined in Section 2100, Codification of Governmental Accounting and Financial Reporting Standards since the Mayor and Aldermen are responsible for governance of the City, are elected by the public, have decision making authority, the power to designate management, the responsibility to significantly influence operations and have primary accounting responsibility for fiscal matters.

B. Summary of Significant Accounting Policies

1. Fund Accounting –

The accounts of the City are organized on the basis of funds or account groups, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for by providing a separate set of self-balancing accounts which are comprised of each fund's assets, liabilities, fund equity, revenues, and expenditures or expenses, as appropriate. Government resources are allocated to and for individual funds based upon the purposes for which they are to be expended and the means by which spending activities are controlled. The various funds are grouped, in the financial statements in this report, into two fund types and two account groups as follows:

GOVERNMENTAL FUND TYPES

General Fund –

The General Fund is the fund which accounts for all financial resources and transactions except those required to be accounted for in another fund. This is a budgeted fund.

Special Revenue Fund –

The Special Revenue Fund is used to account for financial transactions and resources received under grants legally restricted to expenditure for specific purposes and where unused balances are to be returned to the grantor at the close of specified project periods. These are budgeted funds, and project accounting is employed to maintain the integrity for the various individual projects and sources of funds.

PROPRIETARY FUND TYPES

Utility Fund –

The Utility Fund is used to account for water and sanitary sewer utility operations that are financed and operated in a manner similar to private business enterprises. The intent of the governing body is that the costs, (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. This fund is budgeted for administrative control purposes.

CITY OF WILLIS, TEXAS
NOTES TO THE FINANCIAL STATEMENTS (Continued)
SEPTEMBER 30, 1993

B. Summary of Significant Accounting Policies (Continued)

ACCOUNT GROUPS

General Fixed Assets –

The General Fixed Assets account group is used to account for property, plant and equipment used in the general operations of the City. No depreciation is provided, additions (including donations) and disposals are recorded or removed on the basis of historical cost or value at the date of acquisition.

General Long–Term Debt –

The General Long–Term Debt account group is used to account for debt instruments which are to be repaid from governmental funds. Liabilities for such debt are offset by a provision for the allocation of future resources to these obligations.

2. Basis of Accounting

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurement made, regardless of the measurement focus applied.

All governmental funds are accounted for using the modified accrual basis of accounting. Their revenues are recognized when they become measurable and available as net current assets. All major revenues are susceptible to accrual.

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. Exceptions to this general rule include principal and interest on general long term debt which is recognized when due.

The accrual basis of accounting is used for the proprietary fund types. This basis of accounting recognizes revenues in the accounting period in which they are earned and become measurable, and expenses in the accounting period in which they are incurred and become measurable.

3. Budgets and Budgetary Accounting

The City follows these procedures in establishing the budgetary data reflected in the financial statements.

- a. Budgets for all funds are prepared by the City's administrative staff, reviewed and legally adopted by the City Council after public hearings as required by State law. Budgets are normally amended during the year to reflect changes in operating conditions.
- b. Budgets are strictly utilized by the City for overall planning and/or operations. Budgetary limitations are strictly imposed, and routine actual to budget comparative financial statements are prepared.
- c. The individual fund statements of revenues, expenditures, and changes in fund balance for the Governmental Fund Types present comparisons of legally adopted budgets with actual data on a budgetary basis.

CITY OF WILLIS, TEXAS
NOTES TO THE FINANCIAL STATEMENTS (Continued)
SEPTEMBER 30, 1993

3. Budgets and Budgetary Accounting (Continued)

- d. Unused appropriations, if any, for Governmental Fund Types which are budgeted annually, lapse at the end of the year.

4. Inventory

Supplies and materials for the utility fund are generally debited to inventory when purchased, and charged to expense as used. Inventories on the balance sheet are recorded at the lower of cost or replacement cost with appropriate adjustments made to the expense accounts of the affected department.

5. Ad Valorem Property Taxes

Ad valorem property tax is assessed on all taxable property within the corporate limits of the City as of January 1, not specifically exempted by state law or by the local governing body. Such taxes are generally levied on October 1, and are payable on or before January 31, of the following year. Ad valorem property taxes attach as an enforceable lien upon the property assessed. Net uncollected property taxes as of September 30, are not considered to be currently available and are, therefore, shown as deferred revenue. Penalties and interest are recorded as revenue when collected.

During the year ended September 30, 1993, the City levied an ad valorem tax of \$.62515 per \$100 of assessed valuation which resulted in a levy of \$280,968.35 on the total assessed taxable valuation of \$44,944,150 for the 1992 tax year. Of the total \$.62515 per \$100 valuation rate, \$.27040 was allocated to general obligation debt retirement and \$.35475 was allocated to general governmental services. State statutes allow the City to levy taxes up to a maximum of \$1.50 per \$100 of assessed valuation for general governmental services, however, the City can levy taxes without limit sufficient to meet the current general obligation debt service requirement.

6. Cash Shown on Cash Flow Statement

For the purpose of the Statement of Cash Flows, investments are considered to be cash equivalents if they are highly liquid with a maturity of one year or less.

7. Memorandum Totals

Totals captioned "Memorandum Only" are presented only to facilitate financial analysis. Data in these columns do not present financial position, results of operations, or changes in financial position in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in aggregation of this data.

CITY OF WILLIS, TEXAS
NOTES TO THE FINANCIAL STATEMENTS (Continued)
SEPTEMBER 30, 1993

C. Cash and Investments

During the year under audit, the City had cash deposits with one commercial financial institution. The City's deposits at September 30, 1993, were entirely covered by FDIC insurance or by pledged collateral held by the City's agent bank. Although the pledged securities were not held by the City of Willis, the deposits were deemed collateralized under Texas law. All funds were properly secured at all times.

In addition, the following information is disclosed regarding coverage of combined balances on the date of the highest deposit:

- a. Name of Bank Texas National Bank
Willis, Texas
- b. Amount of bond and/or security pledged as of the date of the highest combined balance on deposit was \$500,000 Par Value, \$535,650 Market Value.
- c. Largest cash, savings and time deposit combined account balance amounted to \$382,828.21 and occurred during the month of September, 1993.
- d. Total amount of FDIC coverage at the time of largest combined balance was \$200,000.

Cash deposits held at financial institutions can be categorized according to three levels of risk. These three levels of risk are:

Category 1 – Deposits which are insured or collateralized with securities held by the entity or by its agent in the entity's name.

Category 2 – Deposits which are collateralized with securities held by the pledging financial institution's trust department or agent in the entity's name.

Category 3 – Deposits which are not collateralized.

Based on these three levels of risk, all of the City's cash deposits are classified as category 1.

Temporary Investments

Statutes authorize the City to invest in obligation of the U.S. Treasury of the State of Texas, certain U.S. agencies, certificates of deposit, money market savings accounts, certain municipal securities, repurchase agreements, common trust funds, and other investments specifically allowed by the Public Funds Investment Act of 1987 (Article 842a.–2 Vernon's Civil Statutes).

During the year ended September 30, 1993, the City's temporary investments consisted entirely of certificates of deposit and money market accounts with its depository bank.

Similar to cash deposits, investments held at a financial institution can be categorized according to three levels of risk. These three levels of risk are:

Category 1 – Investments that are insured, registered or held by the entity, or by its agent in the entity's name.

CITY OF WILLIS, TEXAS
 NOTES TO THE FINANCIAL STATEMENTS (Continued)
 SEPTEMBER 30, 1993

Temporary Investments (Continued)

Category 2 – Investments that are insured and unregistered held by counterparty's trust department, or agent in the entity's name.

Category 3 – Uninsured and unregistered investments held by the counterparty, its trust department, or its agent, but not in the entity's name.

Based on these three levels of risk, all of the District's investments are classified as category 1.

	Carrying Amount	Market Value	Category
Texas National Bank – Certificate of Deposit	\$ 198,825	\$ 198,825	1
Money Market Accounts	43,935	43,935	

D. Loans

The City had no loans issued or outstanding during the year ended September 30, 1993.

E. Capital Leases

The City has entered into a number of capital leases for the acquisition of land, buildings, vehicles and equipment. All of the leases contain non-appropriation clauses giving the City the right to void its obligation under leases in the event that funds are not available for appropriation by the City. Details pertaining to individual capital leases may be found in this report at Schedule C-3. The City's future obligation under the outstanding leases is as follows:

General Fund

Year Ending September 30	Interest Rate	Principal	Interest	Total
1994	6.0% – 8.3%	\$ 70,324.18	\$ 59,513.66	\$ 129,837.84

F. Changes in Long-Term Debt (Continued)

Bond Number 50 maturing August 1, 1997, was paid July 23, 1983, from surplus construction funds as required by the Texas Department of Water Resources. This \$5,000 reduction in principal outstanding, results in lower interest requirement than the original amortization schedule.

The next five years annual debt service requirements to amortize all bonds outstanding at September 30, 1993, are as follows:

General Obligation Bonds			
Year Ending September 30	Principal	Interest	Total
1994	\$ 70,000	\$ 52,905	\$ 122,905
1995	75,000	46,330	121,330

Significant Bond Resolution and Legal Requirements

Reserve Requirements –

The Waterworks and Sewer System Revenue Bond Series 1977 bond resolution requires the establishment of a reserve fund with an initial deposit of \$10,000. On or before the 20th day of each month thereafter, a minimum of \$300 shall be deposited until this account contains at least \$22,000. As of September 30, 1993, this reserve account contained cash and temporary investments of \$29,660.47.

The Waterworks and Sewer System Junior Lien Revenue Bond, Series 1981, bond resolution requires the establishment of a reserve fund into which the City shall deposit, on or before the 25th of each month, \$403 until such fund contains \$23,325. As of September 30, 1993, this reserve account contained cash and temporary investments of \$33,458.91.

Emergency Fund Requirement –

The Waterworks and Sewer System Revenue Bond, Series 1977, bond resolution requires the establishment of an emergency fund to cover repair on system extensions for which other funds are not available. Minimum monthly deposits of \$200 are required until this fund contains \$5,000. At September 30, 1993, this emergency fund account contained \$5,000 in cash and temporary investments.

CITY OF WILLIS, TEXAS
 NOTES TO THE FINANCIAL STATEMENTS (Continued)
 SEPTEMBER 30, 1993

G. Restricted Assets

Cash and temporary investments restricted for revenue bond reserves, emergency funds, retirement of bonded indebtedness and repayment of customer utility meter deposits at September 30, 1993, are as follows:

Waterworks and Sewer System Revenue Bonds, Series 1977 –	
Interest and Sinking Fund –	
Cash	\$ 7,660.47
Reserve Fund –	
Temporary Investments	22,000.00
Emergency Fund –

Temporary Investments	21,500.00
Total	<u>\$ 29,759.81</u>
Total Restricted Assets	<u>\$ 97,879.19</u>

H. Litigation

The City was not involved in litigation at September 30, 1993.

I. Contingent Liabilities

Our examination did not reveal the existence of unrecorded contingent liabilities as of September 30, 1993.

J. Changes in General Fixed Assets

During the year ended September 30, 1993, the following changes occurred in the City's General Fixed Assets:

Balance October 1, 1992	\$ 1,467,301.85
Additions –	
Vehicles	18,610.50
Disposals –	
Equipment	(781.99)
Balance September 30, 1993	<u>\$ 1,485,130.36</u>

CITY OF WILLIS, TEXAS
 NOTES TO THE FINANCIAL STATEMENTS (Continued)
 SEPTEMBER 30, 1993

K. Depreciation

Depreciation is recorded as an operating expense of the Proprietary Fund (Utility Fund) based on the straight-line method using the following estimated useful lives:

<u>Asset</u>	<u>Estimated Life</u>	<u>Annual Percentage</u>
Utility System	33 1/3 Years	3%

L. Accumulated Unpaid Vacation and Sick Leave Benefits

The City had no material unbudgeted liability for accumulated unpaid vacation and sick leave benefits at September 30, 1993.

M. Pension Plan

Plan Description –

The City provides pension benefits for all its full-time employees through a nontraditional, joint contributory, defined contribution plan in the state-wide Texas Municipal Retirement System (TMRS), one of over 613 administered by TMRS, an agent multiple-employer public employee retirement system. It is the opinion of the TMRS management that the plans in TMRS are substantially defined contribution plans, but they have elected to provide additional voluntary disclosure to help foster a better understanding of some of the nontraditional characteristics of the plan.

Benefits depend upon the sum of the employee's contributions to the plan, with interest, and the City-financed monetary credits, with interest. At the date the plan began, the City granted monetary credits for service rendered before the plan began of a theoretical amount equal to two times what would have been contributed by the employee, with interest, prior to establishment of the plan. Monetary credits for service since the plan began are a percent (100%, 150% or 200%) of the employee's accumulated contributions. In addition, the City can grant as often as annually, another type of monetary credit referred to as an updated service credit which is a theoretical amount which, when added to the employee's accumulated contributions and the monetary credits for service since the plan began, would be the total monetary credits and employee contributions accumulated with interest, if the current employee contribution rate and City matching percent had always been in existence and if the employee's salary had always been the average of his salary in the last three years that are one year before the effective date. At retirement, the benefit is calculated as if the sum of the employee's accumulated contributions with interest and the employer-financed monetary credits with interest were used to purchase an annuity.

Members can retire at ages 60 and above with 10 or more years of service, or with 25 years of service, regardless of age. The plan also provides death and disability benefits. A member is vested after 10 years, but he must leave his accumulated contributions in the plan. If a member withdraws his own money, he is not entitled to the employer-financed monetary credits, even if he was vested. The plan provisions are adopted by the governing body of the City, within the options available in the state statutes governing TMRS and within the actuarial constraints also in the statutes.

CITY OF WILLIS, TEXAS
NOTES TO THE FINANCIAL STATEMENTS (Continued)
SEPTEMBER 30, 1993

M. Pension Plan (Continued)

Contributions –

The contribution rate for the employees is 5%, and the City matching percent is currently 150%, both as adopted by the governing body of the City. Under the state law governing TMRS, the City contribution rate is annually determined by the actuary. This rate consists of the normal cost contribution rate and the prior service contribution rate, both of which are calculated to be a level of percent of payroll from year to year. The normal cost contribution rate finances the currently accruing monetary credits due to City matching percent, which are the obligation of the City as of an employee's retirement date, not at the time the employee's contributions are made. The normal cost contribution rate is the actuarially determined percent of payroll necessary to satisfy the obligation of the City to each employee at the time his retirement becomes effective. The prior service contribution rate amortizes the unfunded actuarial liability over the remainder of the plan's 25-year amortization period. When the City periodically adopts updated service credits and increases in annuities in effect, the increased unfunded actuarial liability is to be amortized over a new 25-year period. Currently, the unfunded actuarial liability is being amortized over the 25-year period which began January, 1993. The unit credit actuarial cost method is used for determining the City's contribution rate. Contributions are made monthly by both the employee and the City. Since the City needs to know its contribution rate in advance to budget for it, there is a one-year lag between the actuarial valuation that is the basis for the rate and the calendar year, when the rate goes into effect.

The City's total payroll in fiscal year 1993, was \$386,301, and the City's contributions were based on a payroll of \$359,128. Both the City and the covered employees made the required contributions, amounting to \$12,123 (4.68% of covered payroll for the months in calendar year 1992, 4.13% normal cost plus .55% to amortize the unfunded actuarial liability, and 2.98% for the months in calendar year 1993, 3.35% normal cost plus -.37% to amortize the unfunded actuarial liability) for the City and \$17,956 (5%) for the employees. The City adopted changes in the plan since the previous actuarial valuation, which had the effect of increasing the City's contribution rate for 1993 by .09% of payroll. There were no related-party transactions.

Funding Status and Programs –

Even though the substance of the City's plan is not to provide a defined benefit in some form, some additional voluntary disclosure is appropriate due to the nontraditional nature of the defined contribution plan which had an initial unfunded pension benefit obligation due to the monetary credits granted by the City for services rendered before the plan began and which can have additions to the unfunded pension benefit obligations through the periodic adoption of increases in benefit credits and benefits. Statement No. 5 of the Governmental Accounting Standards Board (GASB 5) defines pension benefit obligation as a standardized disclosure measure of the actuarial present value of pension benefits, adjusted for the effects of projected salary increases, estimated to be payable in the future as a result of employee service to date. The measure is intended to help users assess the funding status of public employee pension plans, assess progress made in accumulating sufficient assets to pay benefits when due, and make comparisons among public employee pension plan.

The pension benefit obligation shown below is similar in nature to the standardized disclosure measure required by GASB 5 for defined benefit plans except that there is no need to project salary increases since the benefit credits earned for service to date are not dependent upon future salaries. The calculations were made as part of the annual actuarial valuation as of December 31, 1992. Because of the money-purchase nature of the plan, the interest rate

CITY OF WILLIS, TEXAS
 NOTES TO THE FINANCIAL STATEMENTS (Continued)
 SEPTEMBER 30, 1993

M. Pension Plan (Continued)

assumption, currently 8.5% per year, does not have as much impact on the results as it does for a defined benefit plan. Market value of assets is not determined for each city's plan, but the market value of assets for TMRS as a whole was 112.3% of book value as of December 31, 1992.

Pension Benefit Obligation

Annuitants currently receiving benefits	\$	28,851
Terminated employees		19,115
Current employees Accumulated employee contributions including allocated invested earnings		94,808
Employer—financed vested		97,293
Employer—financed nonvested		33,903
Total	\$	<u>273,970</u>
Net Assets Available for Benefits, at Book Value	\$	<u>290,834</u>
Assets in Excess of Pension Benefit Obligation	\$	<u>18,864</u>

The book value of assets is amortized cost for bonds and original cost for short-term securities and stocks. The actuarial assumptions used to compute the actuarially determined City contribution rate are the same as those used to compute the pension benefit obligation. The numbers above reflect the adoption of changes in the plan since the previous actuarial valuation, which had the effect of increasing the pension benefit obligation by \$3,567.

N. Health Care Coverage

During the year ended September 30, 1993, employees of the City of Willis were covered by a health insurance plan (the plan). The City contributed the cost of employee health, life, and accidental death and dismemberment and employees, at their option, authorized payroll withholdings to pay contributions for dependents. All contributions were paid to the Texas Municipal League Group Benefits Risk Pool acting on behalf of the self funded pool. The plan was authorized by Chapter 172 of the Local Government code, the Texas Political Subdivision Uniform Group Benefit Program.

The contract between the City of Willis and the Texas Municipal League Group Benefits Risk Pool was renewed October 1, 1993, and the terms of coverage and contribution costs are included in the contractual provisions.

In accordance with state statute, the City was protected against unanticipated catastrophic individual or aggregate loss by stop-loss coverage carried through the Durham Life Insurance Company, a commercial insurer licensed to do business in Texas in accordance with the Texas Insurance Code. Stop-loss coverage was in effect for individual claims exceeding \$100,000 and for aggregate loss. Financial statements for the Durham Life Insurance Company are filed with the Texas State Board of Insurance, Austin, Texas, and are public records.

Representatives of the TML Group Benefits Risk Pool have indicated that there was no unfunded claim obligation as of September 30, 1993, the overall pool reserve, plus stop-loss coverage was more than sufficient to cover all claims, both reported but unpaid and unreported claims.

CITY OF WILLIS, TEXAS
NOTES TO THE FINANCIAL STATEMENTS (Continued)
SEPTEMBER 30, 1993

O. Change In Accounting Procedure

During the year ended September 30, 1993, the City accrued income from garbage pickup service rendered in September, but not billed to customers until October, 1993. The net effect of this change in accounting procedure is to increase the ending General Fund unappropriated fund balance by \$21,911.70.

P. Deficit Retained Earnings

The City's Retained Earnings account for the Utility Fund reflects a deficit of \$465,775.42. This deficit is the result of the City's failure to totally fund depreciation expense.

Independent Auditor's Report

Report on Supplemental Information

Honorable Mayor and Members of the City Council
City of Willis, Texas
P.O. Box 436
Willis, Texas 77378

Our report on our audit of the basic financial statements of City of Willis, Texas, for 1993, appears on pages 1-19. That audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The statements and schedules listed on the table of contents as Supplemental Information are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Respectfully submitted,

Sauls and Pechacek

Independent Auditor's Report

Single Audit Report on the Internal Control Structure
Used in Administering Federal Financial Assistance Programs

Honorable Mayor and Members of the City Council
City of Willis, Texas
P.O. Box 436
Willis, Texas 77378

We have audited the general purpose financial statements of the City of Willis, Texas, as of and for the year ended September 30, 1993, and have issued our report thereon dated June 25, 1994. We have also audited the City of Willis, Texas' compliance with requirements applicable to major federal financial assistance programs and have issued our report thereon dated June 25, 1994.

We conducted our audit in accordance with generally accepted auditing standards; GOVERNMENT AUDITING STANDARDS, issued by the Comptroller General of the United States; and Office of Management and Budget (OMB) Circular A-128, AUDITS OF STATE AND LOCAL GOVERNMENTS. Those standards and OMB Circular A-128 require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement and about whether the City of Willis, Texas, complied with laws and regulations, noncompliance with which would be material to a major federal financial assistance program.

In planning and performing our audit for the year ended September 30, 1993, we considered the internal control structure of the City of Willis, Texas, in order to determine our auditing procedures for the purpose of expressing our opinions on the City of Willis, Texas' general purpose financial statements and to report on the internal control structure in accordance with OMB Circular A-128. This report addresses our consideration of internal control structure policies and procedures relevant to compliance with requirements applicable to federal financial assistance programs. We have addressed internal control structure policies and procedures relevant to our audit of the general purpose financial statements in a separate report dated June 25, 1994.

The administration of the City of Willis, Texas, is responsible for establishing and maintaining an internal control structure. In fulfilling this responsibility, estimates and judgments by administrators are required to assess the expected benefits and related costs of internal control structure policies and procedures. The objectives of an internal control structure are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition, that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of general purpose financial statements in accordance with generally accepted accounting principles, and that federal financial assistance programs are managed in compliance with applicable laws and regulations. Because of inherent limitations in any internal control structure, errors, irregularities, or instances of noncompliance may nevertheless occur and not be detected. Also, projection of any evaluation of the structure to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the effectiveness of the design and operation of policies and procedures may deteriorate.

Independent Auditor's Report
Single Audit Report on the Internal Control Structure
Used in Administering Federal Financial Assistance Programs

For the purpose of this report, we have classified the significant internal control structure policies and procedures used in administering federal financial assistance programs in the following categories:

a. General Requirements

- Political Activity
- Davis–Bacon Act
- Civil Rights
- Cash Management
- Real Property Acquisition
- Federal Financial Reports
- Allowable Costs/Cost Principles
- Drug Free Workplace
- Administration Requirements

b. Specific Requirements

- Types of Services
- Eligibility
- Matching, Level of Effort
- Reporting
- Cost Allocation
- Special Requirements

c. Claims for Advance and Reimbursements

d. Amounts Claimed or Used for Matching

For all of the internal control structure categories listed above, we obtained an understanding of the design of relevant policies and procedures and determined whether they have been placed in operation, and we assessed control risk.

During the year ended September 30, 1993, the City of Willis, Texas had one major federal financial assistance program and expended 100% of its total federal financial assistance under the following federal financial assistance programs:

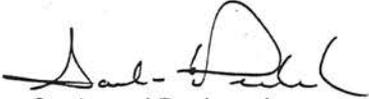

- Community Development Utility System Extension
- Texas Forest Service Rural Development

We performed tests of controls, as required by OMB Circular A–128, to evaluate the effectiveness of the design and operation of internal control structure policies and procedures that we considered relevant to preventing or detecting material noncompliance with specific requirements, general requirements, and requirements governing claims for advances and reimbursements and amounts claimed or used for matching that are applicable to the City's major federal financial assistance program, which is identified in the accompanying schedule of federal financial assistance and the afore mentioned non major program. Our procedures were less in scope than would be necessary to render an opinion on these internal control structure policies and procedures. Accordingly, we do not express such an opinion.

Independent Auditor's Report
Single Audit Report on the Internal Control Structure
Used in Administering Federal Financial Assistance Programs

June 25, 1994

Independent Auditor's Report

Report on the Internal Control Structure Based on an Audit
of General Purpose Financial Statements Performed in
Accordance with Government Auditing Standards

Honorable Mayor and Members of the City Council
City of Willis, Texas
P.O. Box 436
Willis, Texas 77378

We have audited the general purpose financial statements of the City of Willis, Texas, as of and for the year ended September 30, 1993, and have issued our report thereon dated June 25, 1994.

We conducted our audit in accordance with generally accepted auditing standards and Government Auditing Standards issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement.

In planning and performing our audit of the general purpose financial statements of the City of Willis, Texas, for the year ended September 30, 1993, we considered its internal control structure in order to determine our auditing procedures for the purpose of expressing our opinion on the general purpose financial statements and not to provide assurance on the internal control structure.

The administration of the City of Willis, Texas, is responsible for establishing and maintaining an internal control structure. In fulfilling this responsibility, estimates and judgments by administrators are required to assess the expected benefits and related costs of internal control structure policies and procedures. The objectives of an internal control structure are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of general purpose financial statements in accordance with generally accepted accounting principles. Because of inherent limitations in any internal control structure, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of the structure to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the effectiveness of the design and operation of policies and procedures may deteriorate.

For the purpose of this report, we have classified the significant internal control structure policies and procedures in the following categories:

Cash and Cash Equivalents
Property and Equipment
Fund Balance

Independent Auditor's Report

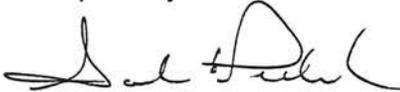

Report on the Internal Control Structure Based on an Audit
of General Purpose Financial Statements Performed in
Accordance with Government Auditing Standards

For all of the internal control structure categories listed above, we obtained an understanding of the design of relevant policies and procedures and whether they have been placed in operation, and we assessed control risk.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be reportable conditions or material weaknesses under standards established by the American Institute of Certified Public Accountants. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control structure that, in our judgment, could adversely affect the City's ability to administer federal financial assistance programs in accordance with applicable laws and regulations. A material weakness is a condition in which the design or operation of one or more of the internal control structure elements does not reduce to a relatively low level the risk that errors and irregularities in amounts that would be material in relation to the general purpose financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control structure and its operations that we consider to be reportable conditions or material weaknesses as defined above.

This report is intended for the information of the City of Willis, Texas' Mayor and Council, and the Texas Department of Housing and Community Affairs, and appropriate federal agencies. However, this report is a matter of public record and its distribution is not limited.

Respectfully submitted,

Sauls and Pechacek

Independent Auditor's Report

Report on Compliance Based on an Audit of General
Financial Statements Performed in Accordance
with Government Auditing Standards

Honorable Mayor and Members of the City Council
City of Willis, Texas
P.O. Box 436
Willis, Texas 77378

We have audited the general purpose financial statements of the City of Willis, Texas, as of and for the year ended September 30, 1993, and have issued our report thereon dated June 25, 1994.

We conducted our audit in accordance with generally accepted auditing standards and Governmental Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement.

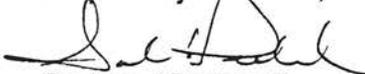

Compliance with laws, regulations, contracts, and grants applicable to the City of Willis, Texas, is the responsibility of the City of Willis, Texas, management.

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we performed tests of the City of Willis, Texas' compliance with certain provisions of laws, regulations, contracts, and grants. However, the objective of our audit of the general purpose financial statements was not to provide an opinion on overall compliance with such provisions. Accordingly, we do not express such an opinion.

The results of our tests indicate that, with respect to the items tested, the City of Willis, Texas, complied, in all material respects, with the provisions referred to in the preceding paragraph. With respect to items not tested, nothing came to our attention that caused us to believe that the City had not complied, in all material respects, with those provisions.

This report is intended for the information of the City of Willis, Texas' Mayor and Council and the Texas Department of Housing and Community Affairs. However, this report is a matter of public record and its distribution is not limited.

Respectfully submitted,

Sauls and Pechacek

Independent Auditor's Report

Single Audit Report on Compliance with the General
Requirements for Federal Financial Assistance Programs

Honorable Mayor and Members of the City Council
City of Willis, Texas
P.O. Box 436
Willis, Texas 77378

We have audited the general purpose financial statements of the City of Willis, Texas, as of and for the year ended September 30, 1993, and have issued our report thereon dated June 25, 1994.

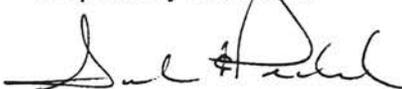

We have applied procedures to test the City of Willis, Texas, compliance with the following requirements applicable to each of its federal financial assistance programs, which are identified in the schedule of federal financial assistance, for the year ended September 30, 1993: political activity, Davis-Bacon Act, civil rights, cash management, real property acquisition, federal financial reports, allowable costs/cost principles, drug free workplace, and administrative requirements.

Our procedures were limited to the applicable procedures described in the Office of Management and Budget's "Compliance Supplement for Single Audits of State and Local Governments". Our procedures were substantially less in scope than an audit, the objective of which is the expression of an opinion on the City of Willis, Texas, compliance with the requirements listed in the preceding paragraph. Accordingly, we do not express such an opinion.

With respect to the items tested, the results of those procedures disclosed no material instances of noncompliance with the requirements listed in the second paragraph of this report. With respect to items not tested, nothing came to our attention that caused us to believe that the City of Willis, Texas, had not complied, in all material respects, with those requirements.

This report is intended for the information of the City of Willis, Texas' Mayor and Council, the Texas Department of Housing and Community Affairs, and appropriate federal agencies. However, this report is a matter of public record and its distribution is not limited.

Respectfully submitted,

Sauls and Pechacek

June 25, 1994

Independent Auditor's Report

Single Audit Opinion on Compliance with Specific Requirements
Applicable to Major Federal Financial Assistance Programs

Honorable Mayor and Members of the City Council
City of Willis, Texas
P. O. Box 436
Willis, Texas 77378

We have audited the general purpose financial statements of the City of Willis, Texas, as of and for the year ended September 30, 1993, and have issued our report thereon dated June 25, 1994.

We have also audited the City of Willis, Texas' compliance with the requirements governing types of services allowed or unallowed, eligibility, matching, level of effort, reporting, special requirements, claims for advances and reimbursements, and amounts claimed or used for matching that are applicable to its major federal financial assistance program, which is identified in the accompanying schedule of federal financial assistance, for the year ended September 30, 1993. The administration of the City of Willis, Texas, is responsible for the City's compliance with those requirements. Our responsibility is to express an opinion on compliance with those requirements based on our audit.

We conducted our audit of compliance with those requirements in accordance with generally accepted auditing standards, GOVERNMENT AUDITING STANDARDS, issued by the Comptroller General of the United States, and Office of Management and Budget Circular A-128, AUDITS OF STATE AND LOCAL GOVERNMENTS. Those standards and OMB Circular A-128 require that we plan and perform the audit to obtain reasonable assurance about whether material noncompliance with the requirements referred to above occurred. An audit includes examining, on a test basis, evidence about the City of Willis, Texas' compliance with those requirements. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the City of Willis, Texas, complied, in all material respects, with the requirements governing types of services allowed or unallowed, eligibility, matching, level of effort, reporting, claims for advances and reimbursements, and amounts claimed or used for matching that are applicable to its major federal financial assistance program for the year ended September 30, 1993.

This report is intended for the information of the City of Willis, Texas' administration and Council, the Texas Department of Housing and Community Affairs, and appropriate federal agencies. However, this report is a matter of public record and its distribution is not limited.

Independent Auditor's Report

Single Audit Report on Compliance with Specific Requirements
Applicable to Nonmajor Federal Financial Assistance Programs Transactions

Honorable Mayor and Members of the City Council
City of Willis, Texas
P.O. Box 436
Willis, Texas 77378

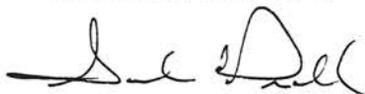

We have audited the general purpose financial statements of the City of Willis, Texas, as of and for the year ended September 30, 1993, and have issued our report thereon dated June 25, 1994.

In connection with our audit of the 1993 financial statements of the City of Willis, Texas, and with our consideration of the City of Willis, Texas, control structure used to administer federal financial assistance programs, as required by Office of Management and Budget Circular A-128, "AUDITS OF STATE AND LOCAL GOVERNMENTS", we selected certain transactions applicable to certain nonmajor federal financial assistance programs for the year ended September 30, 1993. As required by OMB Circular A-128, we performed auditing procedures to test compliance with the requirements governing types of services allowed or unallowed, eligibility, matching, level of effort, reporting, reimbursements, amounts claimed or used for matching that are applicable to those transactions. Our procedures were substantially less in scope than an audit, the objective of which is the expression of an opinion on the City of Willis, Texas, compliance with these requirements. Accordingly, we do not express such an opinion.

With respect to the items tested, the results of those procedures disclosed no material instances of noncompliance with the requirements listed in the preceding paragraph of this report. With respect to items not tested, nothing came to our attention that caused us to believe that the City of Willis, Texas, had not complied, in all material respects, with those requirements.

This report is intended for the information of the City of Willis, Texas' Mayor and Council, and the Texas Department of Housing and Community Affairs, the Texas Forest Service and appropriate federal agencies. However, this report is a matter of public record and its distribution is not limited.

Respectfully submitted,

Sauls and Pechacek

Independent Auditor's Report

Report on Supplementary Information Schedule of Federal Financial Assistance

Honorable Mayor and Members of the City Council
City of Willis, Texas
P.O. Box 436
Willis, Texas 77378

We have audited the general purpose financial statements of the City of Willis, Texas, for the year ended September 30, 1993, and have issued our report thereon dated June 25, 1994. These general purpose financial statements are the responsibility of the City of Willis, Texas' administration. Our responsibility is to express an opinion on these general purpose financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards and GOVERNMENT AUDITING STANDARDS, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

Our audit was made for the purpose of forming an opinion on the general purpose financial statements of the City of Willis, Texas, taken as a whole. The accompanying Schedule of Federal Financial Assistance is presented for purposes of additional analysis and is not a required part of the general purpose financial statements. The information in that schedule has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in our opinion, is fairly presented in all material respects in relation to the general purpose financial statements taken as a whole.

Respectfully submitted,

Sauls and Pechacek
